19th October 2018

Dear parent/guardian

Science Support Sessions

I would like to invite your son/daughter to our lunchtime Science support sessions. We are running these sessions to support your child through a most challenging period of their study. These will commence week beginning 5th November 2018, ahead of the November mock exams and continue through until after the spring mock exams.

To this end, we would appreciate your continued support, by reminding your child that these sessions are available and that their attendance will be of great value, with focused tasks to improve their understanding and application of the work covered.

We are running Biology support (Rm 301) on Monday lunchtimes, Chemistry support (Rm 552) on Wednesday and Physics support (Rm 306) on Friday.

Should you have any queries please do not hesitate to contact me.

Yours faithfully

Mr R Meecham
Head of Science
