Dear Parent/Carer

GO 4 Schools – Autumn Reports and Mobile App

This term we have introduced Go4Schools, a system for entering and tracking assessment, reports, behaviour and attendance. You will be able to log onto this system from today to view reporting/progress data, as well as the information on your child's attendance and behaviour.

There is guidance document on the school website to help you access the system explaining how to view the report and 'live' data. The attributes we use in reports: information on these is included at the bottom of reports and in the guidance.

You can also now access some of the information on GO 4 Schools via a mobile app, which will enable you to view on your smartphone or tablet the following information for your child:

Timetable

- Summary of current lesson and the next lesson
- More detailed information on your child's daily timetable including timings and teachers

Homework (from January 2019)

- New tasks set
- Tasks due today
- Tasks due tomorrow
- Tasks due within 7 days

Additionally, you will be able to click on homework pieces to access:

- Detailed homework explanations
- Website addresses required to complete the homework
- Downloadable, attached documents

There is a GO 4 Schools Mobile App Quick Start Guide on the school website.

A focus for the school this year and beyond is enabling our students to become more independent, and as such, there is a new report attribute: 'Responsibility for Own Learning'. This is a challenging attribute, and as such it will be rarer for students to be given 'Exceeding Expectations' and in many cases students will start the year with 'Inconsistent' as they are starting to develop these skills and take on this responsibility.

Please do contact me on ward@qegs.email if you would like further information or support using this system. We appreciate your understanding as we implement a new system, so please do let me know if you spot any issues or have any questions.

Yours faithfully

Miss M Ward
Assistant Headteacher
