6th June 2019

Dear Parents/Carers

## Year 9 End of Year Science Test

We have arranged an end of year test in science, to assess their knowledge recall, understanding and progress.

The assessment will be a full 75 minutes test, to include content covered this year in all three subjects. The results will play a part in the re-setting process, as the students move into Year 10 and so we hope that all students take them seriously and prepare as well as they can for them.

To further underline the seriousness of these assessments, as well as highlighting the fact that the students are coming to the end of their first year of GCSE content, we are getting the students to sit them in the sports hall, under GCSE exam conditions. This will take place on Tuesday 18th June during P5 and study time.

We have given the students information on the specific content to be assessed, indicated good revision resources such as BBC bitesize (<https://www.bbc.com/bitesize/examspecs/z8r997h>), Seneca and other information to help them fully prepare.

Yours faithfully

Mr Meecham

Head of Science
