

7yTr

Log onto my maths (qegsa, triangle) and complete the online lesson and homework on ordering and simplifying fractions

7XRe

Log onto my maths (qegsa, triangle) and complete the online lesson and homework on ordering and simplifying fractions

12C

Make sure that as part of your extra work you have completed 10.1A and B on probability (we did some in class). 10.2 p268- Read and make notes on the Binomial distribution. You MUST be able to do this on your calculator- there is a link with a video showing how to do this via kerboodle on p269 (basically you select '7' on the menu for distribution, scroll down, click binomial cd, variable, fill in x, n and p and then press =). Try some of the questions in 10.2A.

11X3

Ensure that the factorisation homework is complete for tomorrow.

Ensure that set 2 paper 2 is complete (I think that 3 are missing)

Log onto my maths (qegsa, triangle) and complete factorising quadratics 1- lesson and online homework.
