

Ms Hill's year 7 Geography – 7 yE – 2nd snow day work.

1. Draw and label a volcano.
2. Find a map of Monserrat and either copy and print off. If you are copying label it with key information – towns, landscape and any other information you would like to include.
3. Find out some information about Monserrat. Where is it? Find out information on volcanoes there. Either make written notes and bring them to school or print off information you can find and bring to school.
