Dear Parents/Carers/Students

Mary Glasgow Magazines

The Modern Foreign Language Department is always looking for interesting and different ways of introducing students to new experiences in their languages as a means of developing and reinforcing the language being taught in the classroom.

I am, therefore, promoting some language magazines that our Department believes will not only get the students to enjoy reading in a foreign language through topical articles but will also enhance their learning and understanding of French, German or Spanish. They would also be ideal as stocking fillers for Christmas!

The magazines are written by **MARY GLASGOW PUBLICATIONS** and there are five magazines per academic year (you would receive issue 1 and 2 in December). Each magazine contains short articles on topics such as lifestyle, entertainment, sport, traditions and popular culture. The magazines also feature comic strip stories, puzzles, quizzes, interviews and songs. There is also an authentic video linked to each issue as well as MP3 listening tracks and interactive activities.

ALLONS – Y	French Magazine aimed at students in Year 7
