

Religious Studies Transition Challenges

RS Challenge 1: How has Covid 19 affected religious people and their worship? Try and find images and pictures that show how religious people have been affected by the Coronavirus Pandemic. It could be the new ways in which they attend Church (for example), how Muslims have celebrated festivals like Ramadan (find out what this is also) or what positive things have religious people done to help others during lockdown?

RS Challenge 2: What does Religion look like in your community? Gather images which demonstrate what religion looks like where you live and write a description of them. This could be pictures of places of worship, charity activities, festivals and celebrations (pictures from before lockdown?), religious quotes that people use, religious artefacts (books, necklaces, candles etc.).
