3rd June 2020

Dear Parents/Carers

Update to Year 9 Home Learning

With a view to increasing the motivation of Year 9 students and helping them to get ready (and excited for) their Key Stage 4 qualifications, we are changing the way remote learning will be set for students in Year 9.

Students will now be able to 'drop' subjects they are not studying in Year 10 and focus on those they will study.

You will find on our website as of Monday 8th June an introductory video to all qualifications which you can access and listen to our Curriculum Leaders introduce their subject. The work set on Go 4 Schools is introductory in its nature so please assure your children that they should try and access it but not to be overwhelmed. This change in home learning is to increase engagement and enjoyment in preparation for Year 10.

Work will be set for all students for all subjects on Go 4 Schools on the relevant days according to the new timetable below. After weighing up a few options, we felt it better that all students received all work and they can then filter to the subject that applies to them. For example, on a Tuesday they will be set work for all of Option P but should access the subject they have taken in Option P. If they are not sure, they should contact their form tutor who can check on the system.

The timetable below will commence as of Monday June 8th 2020:

Monday	English Language, Biology and Option Q
Tuesday	Option P, Maths and PE
Wednesday	Physics, RS and PSHE/tutor time (PSHE and tutor time activities can be done for 20 minutes on these days)
Thursday	Option T, English Literature and PE
Friday	Maths, Chemistry and PSHE/tutor time (PSHE and tutor time activities can be done for 20 minutes on these days)

Option Q consists of:

ASDAN (Ms Meadows will set this work directly to the students who are taking this course), Business Studies, Computer Science, Dance, DART, Geography, German, History, Spanish, Sports Science, Triple Science* (Students will be set extra Triple Science challenge work).

Option P consists of:

Art Textiles, Business Studies, Childcare, Creative Digital Media, Drama, Engineering, French, GCSE PE, History and Geography.

Option T consists of:

Art and Design, Business Studies, Construction, DT, Food, Geography, History, Music, Spanish, Triple Science* (Students will be set extra Triple Science challenge work).

If you have any further questions or queries then please contact your child's form tutor directly.

Yours faithfully

Laura Betty

Deputy Headteacher
