There are many benefits of the course, including an exciting range of units available for students, which will support them in the creation of a very individual and diverse portfolio of work. Each unit is designed to allow students to demonstrate their skills and knowledge in a real-life scenario they are likely to encounter in the workplace. There will be opportunities for learners to work, to live, industry-set briefs, wherever possible, to encourage high levels of professional practice.

Students will study 8 units over 2 years, including 6 mandatory units and a further 2 optional units. Some mandatory units are set and marked externally by the Examination Board, whilst the majority are internally marked. Optional units allow learners to gain knowledge across a broad range of Art and Design disciplines such as: Photography, Graphics, Interactive Design, Fine Art, 3D Design, Textiles, Fashion and Design Craft. Most units require students to submit a portfolio of work. However, the Critical and Contextual Studies unit requires a written submission in response to a research brief set by the Examination Board.
