

A Level Teaching Staff

Miss Edwards (Head of Subject)

Miss Fisher / Mr Hughes

Mr Machin / Mr Atkins

"Geography is the subject which holds the key to our future"

Michael Palin

"The study of geography is about more than just memorizing places on a map. It's about understanding the complexity of our world, appreciating the diversity of cultures that exists across continents. And in the end, it's about using all that knowledge to help bridge divides and bring people together. "

Barack Obama

"I've never really wanted to go to Japan simply because I do not like eating fish, and I know that's very popular out there in Africa"

Britney Spears

There has never been a better or more important time to study A level Geography!

Dealing with vital issues such as climate change, migration, environmental degradation, social issues and natural hazards, A level Geography is one of the most relevant subjects you could choose to study.

Students enjoy the scope of the material they cover in geography, the insights it can provide into the world around us and the highly contemporary nature of the issues it tackles.

Since the new A level has been introduced our results are in the top 20% nationally!
