Dear Parent/Carer

Maths Curriculum

We are currently finalising our curriculum and staffing plans for next year. We have seen a significant rise in the number of Year 6 students taking up places at QEGS for September and this means we will be adding a teaching group to Year 7.

We are also seeing a rise in applications for Years 8-10 and we want to ensure that our provision for the older year groups remains fit for purpose with the right group sizes and number of classes.

Equally, we are aware that sometimes, parents look at other vocational routes and options with other providers. If you are considering or indeed have made the decision for your child to join another school in September, we would love to know so that we can arrange a call to support you with the transfer and transition process. Please contact the head of year for your year group via email or phone.
